**Subject:** RE: I-395/Route 9 Transportation Study

We are still waiting for the Biological Opinion from U.S. Fish and Wildlife Services.

Upon receipt of the BO, MaineDOT can finalize the Draft FEIS for FHWA review and comment. We anticipate that this can be completed by January, or early February with the subsequent Record of Decision by FHWA making a determination on the project by the end of the first quarter of 2014, or beginning of the second quarter.
