Subject: RE: Study Update - I-395/Route 9

Larry,

I know it has been a long year. During this time MaineDOT has been meeting with the Corps of Engineers (Corps), Environmental Protection Agency (EPA), and U.S. Fish and Wildlife Service (FWS) to identify the range of alternatives that will be fully analyzed in the Draft Environmental Impact Statement (DEIS). The intent is, if possible, reduce the number of alternatives to be analyzed in the DEIS by dismissing those that would not be permissible or other alternatives have fewer impacts but achieve similar results. This coordination will be completed by this Spring so we can prepare the DEIS for distribution for public comment.

My expectation is late Spring or Summer we will hold an Advisory Committee meeting to discuss everything that has occurred since our last meeting. Please contact me if you have any other questions on the study.

Subject: Study Update

Two of the proposals are in my backyard. We have not had an update in this matter in well over a year. What is the current status of this study?

Thanks, Larry Adams
